This week is Blue Week

23rd January 2017

Holocaust Survivor Talk

Following on from last weeks' notice, the names of all students involved in the Holocaust-survivor talk have been confirmed by the departments involved (see below). Just to remind all staff that the talk will take place on Holocaust Memorial Day (next Friday) between 10 and 11am. The talk is by [Mala Tribich](#) who survived the Piotrków Ghetto, as well as both Ravensbrück and Bergen-Belsen concentration camps. Any staff who are free are welcome to come and attend.

All students have had a letter sent home which clearly states that they are responsible for catching up missed work. Please could you provide them with what they need in your lessons next week. They will miss the whole of lesson 2 and be no later than 15 minutes to period 3. Mrs Haunstetter will also be taking assemblies all next week to promote awareness of the Holocaust to all years.

Thank you for your support. History, Cz, PRE, Psychology and English Departments

DJ Club

Dj club was launched this Monday lunchtime and got off to a great start!

A group of students from all year groups came along and practised their mixing, scratching and sampling skills using the online software you.dj. Some of the students will go on to work with the professional DJ decks which we have available as part of the Performing Arts Lab sessions over the next few weeks.

The students were also introduced to the latest in music technology hardware in the form of our new Launchpad; this element was led by Jude, pictured, one of our year 11 music GCSE students.

Year 9 Visit to the Royal Geographical Society Going Places Day

On Wednesday 18th January 24 of our budding geographers visited the beautiful Royal Geographical Society for a Going Places event. The day offers students studying geography as a GCSE option the opportunity to find out more about the subject, progression and careers. The day revolves around a series of fun, lively, interactive and hands-on workshops led by RGS Geography Ambassadors. Our students were involved in a series of workshops including an interesting session on cultural geography about the role of place in Disney films. The students particularly enjoyed a session on Geographical Information Systems and how landscapes and events such as earthquakes and volcanoes can be mapped using new technology. There were two further sessions on the Geography of Festivals and Climate Change. Well done to all of those involved and many thanks to Mrs Dunton and Mr Miller for accompanying us on the trip.

Lorna Ellis
 Geography Teacher

Year 8 Aspirations Event

81 Pupil premium students attended an Aspirations event at Kingston University on Tuesday 10th January. The day involved sessions on The Money Game looking at student finances and Planning your Future. Students also had a tour around the campus and had many opportunities to talk with student ambassadors from the university. Student comments on the day include 'The money game was good because it made me think about how I need to be more careful with my money,' 'The study zones were really well laid out. Good private areas and a larger group area', 'It gave me a good insight into what life at uni will be like. I do want to be vet' and 'Good to speak to current students'. Many thank to Mr Brittain and Mr Khawaja for accompanying the students.

Ms Ellis – Aimhigher and UCAs Coordinator
